AUTHOR'S COMMENT

Lately, I've been very busy, but I've wanted to get things done earlier

When this serialization started, it was spring, but now it's winter time sure passes quickly When I started, my dogs were still puppies, and now they've grown into such splendid adults I feel like time is passing by very quickly

All too gradually, precious time slips away

Samurai Baby
is starting!!

Nice to meet you all. Hello, I'm Wakatsuki Seiyu! *bow* ! ☆ I have the first chapter of "Samurai Baby" in my hands. Thank you so much!! This serialization started this spring. It's thanks to Rjaru that it's gone on this long. I want to make this even better than my previous serialization. Thanks for everyone's help!! I'm grateful!! Lately I've been thinking, "Ah!" and doing more than I should per day. Before I realized it, it was already winter... In the manga... it's summer (in full bloom! <laugh>), but I'm reading it in winter. Though it's rather cold. I look forward to the future and bow to you happily! Anyway, please look forward to the continuing adventures in Seiyu World!

When this serialization started I was in the middle of moving. It was my first time living alone. I was very excited at the start, but now I feel sort of lonely. Until lately I thought living with my family (and my dog) was unnecessary since I was so busy. I got a little homesick after one month. (Is that too late?) However, soon after I moved I started working a lot and I had no time to wallow in my loneliness. Furthermore, my uncle and aunt live in my neighborhood, so I visit them everyday. (Laugh) They always give me meals to take home. They've helped me out a lot! Auntie...thanks so much for always making me such yummy meals!! Sorry I always eat and run!! I'm grateful!!

Well, well. I should talk a little bit about the characters, shouldn't I?

<Mito> "She's a cheerful and stupid young girl" was what I was thinking. But when I was sketching her, her personality turned out really honest and direct. Maybe what she does is a little absurd... In the middle of drawing all these noble figures I invented a hooligan. It worries me a bit, but she's fun to draw. ♡

<Touma> I wanted to draw a boy with spiky hair because you don't see many of them in shoujo manga these days. So he's the character that grew from my wishes. Somehow he turned out a little more tough than I expected. (Laugh)

<Seshiru> She has a superior record. The best at sports, has a good personality, and is a beauty to boot. She's the sort of perfect person that doesn't really exist. Really. I'm so jealous... Anyway, Seshiru is drawn as a beautiful person and with a lot of fighting spirit. Even more so than Mito... ♦

<Ange> I wanted him to have the image of a "Johnny's Boy" <3 (*"Johnny's boy" is referring to the production company that puts such big cute-guy bands through as SMAP, Kinki Kids, and Arashi. The guys in these bands are all considered to be very cute) His name comes from my pet dog, Ange <3 I knew I would use it from the first sketch of him. I love it. <3

<Ran> He's a stupid boy... But he's a very interesting character. I like it when he acts like a moron. His sideburns and his eyes are his charming points. Like Ange, I took his name from my dog Randy. Like Ran in the story, he's also stupid but cute.

From now on I'll be talking about the new characters who appear. I'll talk about them next time. At any rate, I've been drawing Touma very badly... I wonder how his hair came to look like this... I regret it. The edges of his hair are very difficult to draw!! (tear)

Dog talk continued... Randy and Jenny are very good friends. Ran is a very gentle big-brother type. The two of them always play together. Then Ange watches them from far away... The three of them are growing up very happily.

Randy's Show Debut!! Randy-kun had been taking training from his younger sister and then made his debut at a show! I couldn't go see him, but it seems he did well. Ange went along to cheer Ran on. Even though there were many dogs there, Ran seemed to recognize Ange's voice, and he was reacting to it in the middle of his turn. From now on, he will grow more and more towards the goal of being a mature dog, a champion! Do your best, Ran!!
